The easy way to set up your account

Our Landlord Link program saves time because you won't need to place a separate call to Pacific Power to establish your account with us.

Here's how it works:

1. Complete the Landlord Link service request form when you fill out your other move-in paperwork.
2. Your landlord will verify the form, check your ID and read your meter.
3. Your landlord will submit the form to Pacific Power.
4. Pacific Power creates your account. We will notify you if a deposit is required or if you have an outstanding balance on a previous account.

Be sure to ask your landlord for the Landlord Link service request form when you sign your rental agreement.
