**Re: Advice Letter No. 464-E - PacifiCorp (U 901-E)
Annual Attestation of Compliance with Senate Bill 1368 Alternative Compliance
Requirements, Commission Decision 07-01-039**

PURPOSE

Pursuant to California Public Utilities Commission (Commission) Decision (D.) 07-01-039, PacifiCorp, d.b.a. Pacific Power (PacifiCorp), hereby submits an original and five (5) conformed copies of Advice Letter No. 464-E attesting to the fact that PacifiCorp continues to meet the alternative compliance requirements of Senate Bill (SB) 1368.

BACKGROUND

Section 8341(d)(9) of Senate Bill 1368 creates an alternative compliance mechanism to the Emission Portfolio Standard (“EPS”) for electrical corporations that provide electric service to 75,000 or fewer retail customers in California, provided an electrical corporation demonstrates that (A) a majority of the electrical corporation’s retail end-use customers for electric service are located outside of California and (B) the emissions of greenhouse gases to generate electricity for the retail end-use customers of the electrical corporation are subject to a review by the utility regulatory commission of at least one other state in which the electrical corporation provides regulated retail electric service.

In D.07-01-039, the Commission indicated that an electrical corporation would satisfy subpart (B) of SB 1368’s alternative compliance provision when one of the following occur: (1) a state jurisdiction requires the utility to review and report on the potential impacts of different carbon policies within its Integrated Resource Planning process; (2) when it requires the utility to disclose its greenhouse gas emissions or expected change in overall emissions as a result of changes to its portfolio, including new capacity additions; or (3) when a state jurisdiction adopts rules specifically regulating emissions of greenhouse gases from electricity generating facilities. See D.07-01-039 at 165-66.

In D.07-01-039, the Commission ultimately concluded that PacifiCorp met the alternative compliance requirements as described above. To demonstrate continued compliance with these

provisions, the Commission required PacifiCorp, on February 1 of each year, to file this advice letter attesting to the fact that PacifiCorp continues to meet the alternative compliance requirements consistent with D.07-01-039.

Accordingly, PacifiCorp hereby attests, as set forth in this advice letter and Attachment A that PacifiCorp continues to qualify for alternative compliance consistent with D.07-01-039. Attachment A represents a signed copy of the attestation.
