PACIFICORP (U-901-E)
NOTICE OF COMPLIANCE WITH RULE 3.2(D)

Pursuant to Rule 3.2(d) of the California Public Utilities Commission's ("Commission") Rules of Practice and Procedure, PacifiCorp, d.b.a. Pacific Power ("Company"), files this Notice of Compliance. Rule 3.2(d) requires that "within 45 days, if the corporation operates on a 30-day billing cycle, or within 75 days, if the corporation operates on a 60-day or longer billing cycle, after the filing of the application to increase any rate of charge...[the applicant] shall furnish its customers affected by the proposed increase notice of its application either by mailing such notice postage prepaid to such customers or by including such notice with the regular bill for charges transmitted to such customers." Further, Rule 3.2(d) states that "[a]pplicants shall file proof of compliance within 10 days after mailing."

PacifiCorp filed Application 10-03-015 on March 18, 2010. PacifiCorp operates on a 30-day billing cycle. All notices required by Rule 3.2(d) were

accomplished within the timeframe specified in the rule as certified in the Declaration of Berit Kling, Communications Specialist, attached hereto as Exhibit A. Exhibit A includes Attachment A, which contains a copy of the notice inserted into customer bills.

Respectfully submitted this 12th day of May, 2010, at San Francisco, California.

Pacific Power Notice of Application for a Rate Increase and Authorization to Transfer Assets Pursuant to the Klamath Hydroelectric Settlement Agreement

On March 18, 2010, Pacific Power filed an application with the California Public Utilities Commission (CPUC) requesting authorization to establish a rate surcharge beginning January 1, 2011, to fund California's share of the costs related to removal of four dams on the Klamath River pursuant to the terms of the Klamath Hydroelectric Settlement Agreement (KHSA). The funds collected through the surcharge would be placed into trust accounts to be established by the CPUC. If the conditions of the KHSA are met, the dams would be removed no earlier than 2020. The application demonstrates that the cost to customers associated with the KHSA compares favorably to continuing to seek relicensing of the dams. In addition, the KHSA protects customers from any liability associated with dam removal and ensures that customers continue to benefit from the low-cost power of the dams until they are removed.

The proposed surcharge is designed to collect approximately \$1.53 million per year over a 9-year period. If approved, the surcharge would have the following estimated average increase to each customer class listed below:

Customer class	Proposed percentage increase	Proposed dollar increase
Residential	1.6 percent	\$710,000
Commercial and Industrial	2.0 percent	\$630,000
Irrigation	1.8 percent	\$180,000
Streetlighting	1.6 percent	\$10,000
Overall	1.8 percent	\$1,530,000

You may submit written comments to the CPUC's Public Advisor's Office at the address or e-mail shown below. Please state that you are writing concerning PacifiCorp's Klamath surcharge application. Your comments will become a part of the formal correspondence file for public comment in this proceeding. The Public Advisor's Office will circulate your comments to the five Commissioners, the assigned Administrative Law Judge, the Division of Ratepayer Advocates, and to CPUC staff assigned to this proceeding.
