

# FinAnswer<sup>®</sup> Express Incentive Application

## Compressed Air (System Size ≤ 75 hp)

To apply for FinAnswer<sup>®</sup> Express incentives:

- 1) Review the measure descriptions below and in the Measure Catalog to ensure that equipment meets eligibility criteria.
- 2) Purchase and install equipment. Complete and sign this application form. Attach a copy of invoice(s) or sales receipt(s). Also, either attach a copy of a recent Pacific Power bill or write account number and meter number in the space below.
- 3) Fax, mail or scan and email to address shown at end of form by January 31, 2013 for equipment purchased between January 19, 2012 and December 31, 2012. Please allow 6 weeks for delivery of check.

The incentive check will be issued to the participant name given below unless a third-party payment release is completed and submitted with this application. If you wish the incentive check to be made out to a third party, attach the completed third-party release and check here:

PARTICIPANT INFORMATION		Participant is (check all that apply):		<input type="checkbox"/> Customer	<input type="checkbox"/> Electricity user	<input type="checkbox"/> Facility owner
Participant name (if account holder, name on Pacific Power bill):			Contact:		Title:	
Contact cell or telephone:	Fax:	Email:				
Mailing address (if different from installation address):				City:	State:	Zip:

PROJECT SITE INFORMATION (where items are installed)					
Address where items installed:			City:	State:	Zip:
				<b>CA</b>	
Account # and meter # where installed:		Installation date:	Dealer:		

**QUALIFYING CRITERIA.** To confirm eligibility, please review and check off.

- Equipment has been installed at the site identified above and was purchased between January 19, 2012 and December 31, 2012.
- Except for zero loss drains, eligibility for incentives is limited to systems ≤ 75 hp (not including backup compressors that do not normally operate).

	Quantity	Unit	Incentive
<b>Zero Loss Condensate Drain</b>	Incentive = \$90.00 <b>x</b>	drains	= \$
<input type="checkbox"/> Drain is designed to function without release of compressed air into the atmosphere. Incentive available for any size system.			
<b>Cycling Refrigerated Dryer</b>	Incentive = \$1.50 <b>x</b>	scfm	= \$
<input type="checkbox"/> Rated dryer capacity must be ≤ 500 scfm. <input type="checkbox"/> Dryer must operate exclusively in cycling mode and cannot select between cycling and non-cycling modes. <input type="checkbox"/> Refrigeration compressor must cycle off during periods of reduced demand.			
<b>Receiver Capacity Addition</b>	Incentive = \$1.50 <b>x</b>	gal above 2 gal/scfm	= \$
<input type="checkbox"/> Current system has ≤ 2 gallons per scfm of trim compressor capacity. <input type="checkbox"/> Trim compressor uses load/unload capacity control. <input type="checkbox"/> Total receiver capacity after addition is > 2 gallons per scfm of trim compressor capacity.			
<b>VFD Controlled Compressor</b>	Incentive = \$0.15 <b>x</b>	kWh (see Note 1)	= \$
<input type="checkbox"/> New system is VFD-controlled oil-injected screw compressor ≤ 75 hp operating in single compressor system (i.e. not discharging into common header with other compressors). <input type="checkbox"/> Compressor must adjust speed as primary means of capacity control. <input type="checkbox"/> Compressor must not use inlet modulation when demand is below minimum speed threshold of the VFD.			
<b>Low Pressure Drop Filter</b>	Incentive = \$0.80 <b>x</b>	scfm	= \$
<input type="checkbox"/> Filter is used in place of standard coalescing filter. <input type="checkbox"/> Rated capacity of filter is 500 scfm or less. <input type="checkbox"/> Filter is of deep-bed "mist eliminator" style with element life of at least 5 years. <input type="checkbox"/> Compressor is ≥ 25 hp. <input type="checkbox"/> Pressure loss at rated flow is ≤ 1 psi when new and ≤ 3 psi at element change. <input type="checkbox"/> Rated at 100% particulate filtration at ≥ 3.0 microns and 99.98% at 0.1 to 3.0 microns, with ≤ 5 ppm liquid carryover. <input type="checkbox"/> Compressor discharge pressure setpoint is reduced by 2 psi or more after installation of low pressure drop filter.			
<b>Outside Air Intake</b>	Incentive = \$6.00 <b>x</b>	hp	= \$
<input type="checkbox"/> Current system must draw air from the compressor room or other equivalent warm air source. <input type="checkbox"/> New system must be compressor ≤ 75 hp with permanent ductwork between compressor air intake and outdoors. <input type="checkbox"/> Ductwork must meet manufacturer's specifications, which may include: (a) ≤ 0.25" W.C. pressure loss at rated flow, and (b) allow use of compressor room air during extremely cold outside air conditions.			

Note 1: Incentives for VFD controlled compressors are calculated based on compressor size, operating hours, estimated loading, and other system parameters, at \$0.15/kWh of annual energy savings, using the Northwest Regional Compressed Air Calculator. Energy Savings figures are subject to Pacific Power approval.

<b>Total Incentive:</b>	\$
-------------------------	----

**TERMS AND CONDITIONS**

**Qualifying Customers:** Eligible customers include commercial, industrial, and agricultural electric customers whose facilities are within the State of California and who purchase their electricity from Pacific Power on one of the following retail general service schedules: **A-25, A-32, A-33, A-36, AT-47, AT-48, LS-53, LS-58, OL-42, PA-20.**

**Eligible Dates:** This 2012 Customer Incentive Application covers qualifying equipment purchased between January 19, 2012 and December 31, 2012. Incentive applications for 2012 installations must be postmarked by January 31, 2013. Applications received after this date may not be processed. Equipment must be purchased and installed prior to submitting an incentive application. For 2013 installations, visit our website at **pacificpower.net/wattsmart.**

**Incentive Limitations & Limitation of Damages:** Pacific Power does not warrant the performance of qualifying/installed equipment and does not warrant that the qualifying/installed equipment will deliver any specified amount of energy or cost savings. The customer shall independently evaluate the qualifying equipment. In no event will Pacific Power be liable for the failure of the customer to achieve its expected amount of energy savings, for harm to customer's facilities of any kind, or for any incidental or consequential damages of any kind in connection with installation of this qualifying equipment.

**Transfer of Environmental Attributes:** Customer hereby transfers to Pacific Power all "Environmental Attributes" attributable to the installation of the qualifying equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets, and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil, or water at or by PacifiCorp generating facilities, through reduced generation of energy or other savings or offsets on account of the qualifying equipment. Customer will not claim ownership of any Environmental Attributes. As long as customer at the same time states the installation of the qualifying equipment was made possible with funding from Pacific Power, Customer may claim that it is facilitating the production of the Environmental Attributes attributable to the qualifying equipment.

**Tax Liability:** Neither Pacific Power nor its Program Administrator is responsible for any tax liability which may be imposed on the Participant as a result of any incentive payment. Participant may be responsible for the tax reporting to the IRS of any incentive payments directed to third parties. Neither Pacific Power nor its Program Administrator is providing tax advice, and any communications to such parties is not intended to be used, and cannot be used, for the purpose of avoiding penalties under the Internal Revenue Code.

**Additional Details:** Incentive qualifications and amounts are subject to change and termination at any time. Visit the program's website, review the Incentive Catalogs, or contact your local equipment dealer or Pacific Power for current program information. Pacific Power reserves the right to conduct random inspections to verify information provided on the application. After incentive payment, Pacific Power reserves the right to inspect qualifying equipment, which may include a telephone survey, site visit, and/or the installation of temporary monitoring equipment at any time up to 36 months after installation for quality control of the application or program performance evaluations.

Pacific Power issues FinAnswer Express incentives in the form of checks, not utility bill credits. Pacific Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Pacific Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Qualifying equipment receiving incentives under the FinAnswer Express program may not receive purchase and installation incentives or credits under other Pacific Power programs. Please allow six weeks for your incentive check to arrive.

**CUSTOMER ACCEPTANCE OF TERMS**

I hereby certify that all information provided is accurate, including claims of customer and equipment information, and that the equipment associated with this incentive application has been purchased and installed. I have read the **terms and conditions** and agree to be bound by them and agree that Pacific Power may verify all the information provided. My signature below authorizes Pacific Power to provide my electric account information to contractors associated with the FinAnswer Express program.

Signature \_\_\_\_\_ Printed Name \_\_\_\_\_ Date \_\_\_\_\_

**Request for Taxpayer Identification and Certification**

**Certification:** Under penalties of perjury, I hereby certify that: 1) The number shown on this form is my correct taxpayer identification number, and 2) I am not subject to backup withholding due to failure to report interest or dividend income, and 3) I am a U.S. citizen, resident alien, or other U.S. person.

Business name shown on income tax return: \_\_\_\_\_

Federal Taxpayer ID Number (EIN) or SS#: \_\_\_\_\_
