

Thank you for choosing to install energy efficient lighting at your facility. This form provides the terms and conditions for both new construction/major renovation and retrofit lighting projects.

IMPORTANT: Please be sure to send the COMPLETED Application/Agreement (2 pages) along with copies of the required supporting documentation and the electronic version of the Pacific Power lighting calculation worksheet. Equipment must be purchased and installed at a qualifying facility within the state of California prior to submitting an Incentive Application/Agreement. Please allow 6 weeks for incentive processing. Please be sure to follow all eligibility requirements stated in the Lighting Incentive Catalog. Incentives will not be paid for ineligible or incomplete applications.

## TERMS & CONDITIONS

By accepting the lighting incentive and signing this form below, you agree to the following terms and conditions:

**Qualifying Customers.** Eligible customers include commercial and industrial electric customers whose facilities are within the State of California and who purchase their electricity from Pacific Power on one of the following retail general service schedules: **A-25, A-32, A-33, A-36, AT-47, AT-48, AWH-31, LS-53, LS-58, OL-42, PA-20, PA-40.**

**Eligible Dates.** This 2011 Customer Incentive Application/Agreement covers qualifying equipment purchased between January 1, 2011 and December 31, 2011. Incentive applications for 2011 installations must be postmarked by January 31, 2012. Applications received after this date may not be processed. Equipment must be purchased and installed prior to submitting an incentive application. For 2012 installations, visit the program website at **pacificpower.net/wattsmart**.

**Incentive Limitations & Limitation of Damages.** Pacific Power does not warrant the performance of qualifying/installed equipment and does not warrant that the qualifying/installed equipment will deliver any specified amount of energy or cost savings. The customer shall independently evaluate the qualifying equipment. In no event will Pacific Power be liable for the failure of the customer to achieve its expected amount of energy savings, for harm to customer's facilities of any kind, or for any incidental or consequential damages of any kind in connection with installation of this qualifying equipment.

**Transfer of Environmental Attributes.** Customer hereby transfers to Pacific Power all "Environmental Attributes" attributable to the installation of the qualifying equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by PacifiCorp generating facilities, through reduced generation of energy or other savings or offsets on account of the qualifying equipment. Customer will not claim ownership of any Environmental Attributes. As long as Customer at the same time states the installation of the qualifying equipment was made possible with funding from Pacific Power, Customer may claim that it is facilitating the production of the Environmental Attributes attributable to the qualifying equipment.

**Additional Details.** Incentive qualifications and amounts are subject to change and termination at any time. Customers should visit the program's website, review the Incentive Catalogs, or contact your local equipment dealer or Pacific Power for current program information. Pacific Power reserves the right to conduct random inspections to verify information provided on the application. After incentive payment, Pacific Power reserves the right to inspect qualifying equipment, which may include a telephone survey, site visit, and/or the installation of temporary monitoring equipment at any time up to 36 months after installation for quality control of the application or program performance evaluations. Pacific Power issues FinAnswer Express incentives in the form of checks, not utility bill credits. Pacific Power is not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and Pacific Power will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Qualifying equipment receiving incentives under the FinAnswer Express program may not receive purchase or installation incentives or credits under other Pacific Power programs. Please allow six weeks for your incentive check to arrive.

### CUSTOMER ACCEPTANCE OF TERMS

I hereby certify that all information provided is accurate, including claims of customer and equipment information, and that the equipment associated with this incentive application/agreement has been purchased and installed. I have read the **terms and conditions** and agree to be bound by them and agree that Pacific Power may verify all the information provided. My signature below authorizes Pacific Power to provide my electric account information to contractors associated with the FinAnswer Express program.
