

Energy efficiency. It's a cash crop.

At Pacific Power, our energy efficiency programs and incentives for our Washington irrigation and dairy customers can help you grow your bottom line. We can help you make upgrades that will save energy and money. It's all about being wattsmart.

Programs and incentives include:

FinAnswer® Express

Receive cash incentives when you replace worn irrigation system components or upgrade to higher efficiency dairy/farm equipment. The incentive amount is based on the equipment you purchase and install. Examples of available incentives are on the right.

Energy FinAnswer®

Our Energy FinAnswer program offers cash incentives and energy engineering services tailored to the needs of your project. Incentives are \$0.15 per kilowatt-hour annual energy savings plus \$50 per kilowatt average monthly demand savings. (Incentives are capped at 60 percent of project cost.) It's important that you sign an incentive agreement with us **before** you order new equipment.

To learn more about these programs, contact your Pacific Power energy experts at **1-800-222-4335**, visit **pacificpower.net/wattsmart** or call a participating vendor.

For customers with operations in Oregon, please contact Energy Trust of Oregon at 1-866-368-7878 or energytrust.org for information on energy efficiency incentives.

Irrigation measures	Incentive
<i>Replace worn equipment with new:</i>	
Drains and gaskets for wheel lines, hand lines, pivots, linears or portable main lines	\$1 each
Flow-controlling type nozzles	\$1.50 each
Sprinkler nozzles	\$0.25 each
Impact sprinklers	\$3 each (up to 70% of measure costs)
Rotating spray-type or low-pressure sprinkler heads	\$3 each (up to 70% of measure costs)
Irrigation pump variable frequency drive (VFD)	\$0.12/kwh annual energy savings

Dairy measures	Incentive
Automatic milker takeoffs (retrofit only)	\$235 each
Milk pre-coolers	\$0.12/kwh + \$50/kw
Variable frequency drives for dairy vacuum pumps (retrofit only)	\$165/hp

Some limitations apply. Incentives are also available for other upgrades. Contact us or visit our website for complete details.

Let's turn the answers on.
