

Smart choice #23:

Participate in the Home Energy Savings program.

Harold found a smart way for his parents to **save energy and money**. They, along with the rest of our customers in Washington, saved enough energy in 2009 to avoid the emission of over 1,100 tons of CO₂ – the equivalent of planting 26,750 apple trees.*

*1,299,717 kwh from 1/1/09 – 12/31/09

You can start saving energy and money too, when you participate in our **Home Energy Savings** program. Receive cash incentives for purchasing qualified products or services.

- Lighting fixtures & ceiling fans
- New appliances
- Heating & cooling
- Windows & insulation
- Recycling old appliances

Visit pacificpower.net/hes or call toll free **1-877-570-4249** to see if your purchase qualifies.

Incentives will not exceed product or service cost and are subject to change at any time. Certain restrictions and qualifications apply.

Visit us at the 2010 Central Washington Home and Garden Show

Receive **\$2.00 off admission**
with this coupon. March 19-21, 2010 at the
SunDome in Yakima's State Fair Park.

Let's turn the answers on.
