

SCHEDULE A-140

NON-RESIDENTIAL ENERGY EFFICIENCY

PURPOSE:

Service under this Schedule is intended to maximize the efficient utilization of the electricity requirements of new and existing loads in non-Residential Facilities through the installation of Energy Efficiency Measures and energy management protocols. Program services and incentives are subject to funding availability.

APPLICABILITY:

To service under the Company's General Service Schedules A-25, A-32, A-33, A-36, AT-47, AT-48, LS-53, LS-58, OL-42, and PA-20 in all territory served by the Company in the State of California. This Schedule is applicable to new and existing non-residential facilities.

CUSTOMER PARTICIPATION:

Customer participation is voluntary and is initiated by following the participation procedures on the California energy efficiency program section of the Company website. The Company shall have the right to qualify participants, at its discretion, based on criteria the Company considers necessary to ensure the effective operation of the measures and utility system. Criteria may include, but will not be limited to cost effectiveness.

DESCRIPTION:

Ongoing program to provide incentives for a variety of equipment and operational improvements intended for and located in Non-residential Facilities. Periodic program changes will be made to encourage customer participation in the program and to insure or enhance program cost-effectiveness as defined by the Company.

QUALIFYING MEASURE:

Measures which when installed in an eligible facility result in verifiable electric energy efficiency improvement compared to existing equipment or baseline equipment as determined by the Company. The baseline will be determined with reference to existing equipment, applicable state or federal energy codes, industry standard practice and other relevant factors.

QUALIFYING ENERGY MANAGEMENT:

Operational improvements which when implemented in an eligible facility result in verifiable electric energy savings compared to standard operations as determined by the Company.

SCHEDULE A-140
NON-RESIDENTIAL ENERGY EFFICIENCY

PROVISIONS OF SERVICE:

1. Qualifying equipment or services, incentive amounts, and other terms and conditions will be listed on the California energy efficiency program section of the Company website and may be changed by the Company with at least 45 days notice. Such changes will be prominently displayed on the California energy efficiency program section of the Company website and include a minimum 45 day grace period for processing prior offers.
2. Company may elect to offer incentives through different channels and at different points in the sales process. The differences will depend on the measure and will be consistent for all measures of similar type.
3. Incentives may be offered year-round or for selected time periods.
4. Equipment or services receiving an incentive under this program are not eligible for incentives under other Company programs.
5. Company will employ a variety of quality assurance techniques during the delivery of the program. They will differ by measure and may include pre- and post-installation inspections, phone surveys, and confirmation of Owner/Customer and equipment eligibility.
6. Company may verify or evaluate the energy savings of installed measures. This verification may include a telephone survey, site visit, review of facility operation characteristics, and pre- and post-installation of monitoring equipment and as necessary to quantify actual energy savings.
7. Energy Project Manager co-funding is available according to the terms posted on the California energy efficiency program section of the Company website.
8. Incentives will not be made available for fuel switching by Owner/Customer.

MINIMUM EQUIPMENT EFFICIENCY:

Retrofit energy efficiency projects must meet minimum equipment efficiency levels and equipment eligibility requirements of qualifying equipment that are listed on the California energy efficiency program section of the Company website.

RULES AND REGULATIONS:

Service under this schedule is subject to the General Rules and Regulations contained in the tariff of which this schedule is a part, and to those prescribed by regulatory authorities.
