*Custom means an electric energy-saving measure that is not specifically listed but meets the minimum efficiency levels on the lists or is part of your industrial process.

**Available to customers receiving electric service from Pacific Power on one of the following retail general service schedules: A-25, A-32, A-33, A-36, AT-47, AT-48, LS-53, LS-58, OL-42 and PA-20.

***Caps and limits may apply.

Instant incentives for lighting:

Pacific Power's wattsmart Business is offering instant incentives for qualified LED lighting and reduced-wattage fluorescent lamps when purchased at a participating instant incentive distributor. The incentives are intended to help customers with routine maintenance and small improvements. If you're already working with a lighting vendor on a lighting project, please note that only one incentive is available per lamp. Discuss with your lighting vendor prior to accepting instant incentives from a distributor. Learn more at bewattsmart.com.

Energy project manager co-funding:

Pacific Power will co-fund the cost of a dedicated energy project manager for customers with an approved plan to save at least 1,000,000 kilowatt-hours annually through the wattsmart Business program. For details, contact wattsmartbusiness@pacificpower.net.

Let us help you get started:

- Visit bewattsmart.com to find a wattsmart Business Vendor.
- Email wattsmartbusiness@pacificpower.net.

Other Pacific Power business programs

Blue SkySM for business

Pacific Power's Blue Sky renewable energy program offers businesses an easy way to meet environmental goals, demonstrate leadership in the community, connect with customers and employees, and earn recognition. To learn more, visit pacificpower.net/blueskybiz.

Business Solutions Toolkit

Register for Pacific Power's free online Business Solutions Toolkit to access interactive calculators and industry-specific recommendations to help you save money. To learn more, visit pacificpower.net/toolkit.

Energy Benchmarking

Resource Advisor is Pacific Power's energy benchmarking tool to deliver whole-building electrical usage data to ENERGY STAR[®] Portfolio Manager[®] every month. The tool helps customers better manage building performance and deliver energy savings. Learn more at pacificpower.net/benchmarking.

Energy Profiler Online

Our Energy Profiler Online program converts energy data into money-saving information. It monitors electricity consumption and converts it into easy to understand charts and graphs. Once enrolled, daily meter reads will be posted to a secure website for use at any time. Multiple meters are no problem. You pay a setup fee and a small monthly fee for the service. View a demo of the program at pacificpower.net/profiler.
