

# PROUDLY SERVING *Washington*

At Pacific Power, we work day-in and day-out to provide safe, reliable, low-cost energy to our customers. Through innovation and investments, we're building the energy grid of tomorrow to power the greatness of communities and businesses throughout the West. We're grateful for the opportunity to serve you.

## Powering an innovative energy future

PacifiCorp's Energy Gateway represents 2,300 miles of new high-voltage transmission lines, including in Washington.

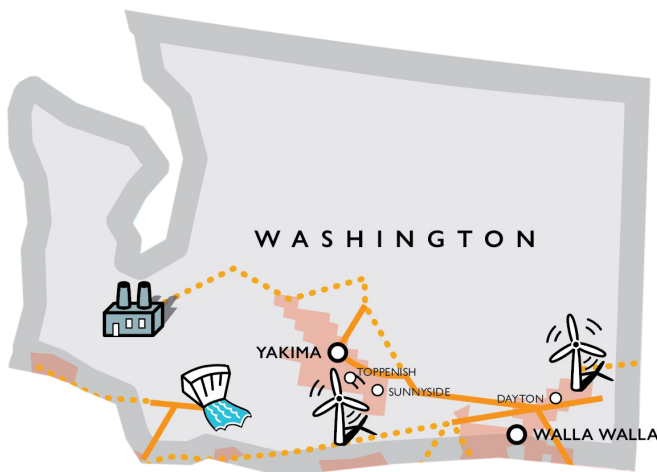

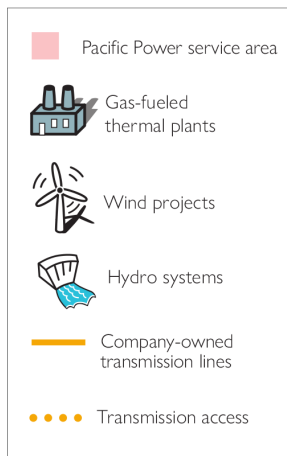

The project includes the Wallula to McNary line from Oregon into southeast Washington. This and other Gateway segments will help connect even more power for Washingtonians.

## Keeping costs low for customers

The company has worked with industry partners to create a transformative energy market across the Western U.S.

Since 2014, the Western Energy Imbalance Market has saved PacifiCorp customers over \$847 million, including \$75 million for Washington customers.
