PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
May 5, 2018

This statement is furnished in connection with the solicitation by the Board of Directors (“Board”) of Berkshire Hathaway Inc. (hereinafter “Berkshire” or “Corporation” or “Company”) of proxies in the accompanying form for the Annual Meeting of Shareholders to be held on Saturday, May 5, 2018 at 3:45 p.m. and at any adjournment thereof. This proxy statement and the enclosed form of proxy were first sent to shareholders on or about March 16, 2018. If the form of proxy enclosed herewith is executed and returned as requested, it may nevertheless be revoked at any time prior to exercise by filing an instrument revoking it or a duly executed proxy bearing a later date. Solicitation of proxies will be made solely by mail at the Corporation’s expense. The Corporation will reimburse brokerage firms, banks, trustees and others for their actual out-of-pocket expenses in forwarding proxy material to the beneficial owners of its common stock.

As of the close of business on March 7, 2018, the record date for the Annual Meeting, the Corporation had outstanding and entitled to vote 748,347 shares of Class A Common Stock (hereinafter called “Class A Stock”) and 1,344,969,701 shares of Class B Common Stock (hereinafter called “Class B Stock”). Each share of Class A Stock is entitled to one vote per share and each share of Class B Stock is entitled to one-ten-thousandth (1/10,000) of one vote per share on all matters submitted to a vote of shareholders of the Corporation. The Class A Stock and Class B Stock vote together as a single class on the matters described in this proxy statement. Only shareholders of record at the close of business on March 7, 2018 are entitled to vote at the Annual Meeting or at any adjournment thereof.

The presence at the meeting, in person or by proxy, of the holders of Class A Stock and Class B Stock holding in the aggregate a majority of the voting power of the Corporation’s stock entitled to vote shall constitute a quorum for the transaction of business. A plurality of the votes properly cast for the election of directors by the shareholders attending the meeting, in person or by proxy, will elect directors to office. However, pursuant to the Berkshire Hathaway Inc. Corporate Governance Guidelines, if a director nominee in an uncontested election receives a greater number of votes “withheld” from his or her election than votes “for” that director’s election, the nominee shall promptly offer his or her resignation to the Board. A committee consisting of the Board’s independent directors (which will specifically exclude any director who is required to offer his or her own resignation) shall consider all relevant factors and decide on behalf of the Board the action to be taken with respect to such offered resignation and will determine whether to accept the resignation or take other action. The Corporation will publicly disclose the Board’s decision with regard to any resignation offered under these circumstances with an explanation of how the decision was reached, including, if applicable, the reasons for rejecting the offered resignation.

A majority of votes properly cast upon any other question shall decide the question. Abstentions will count for purposes of establishing a quorum, but will not count as votes cast for the election of directors or any other question. Accordingly, abstentions will have no effect on the election of directors and are the equivalent of an “against” vote on matters requiring a majority of votes properly cast to decide the question. Broker non-votes will not count for purposes of establishing a quorum or as votes cast for the election of directors or any other question and accordingly will have no effect. Shareholders who send in proxies but attend the meeting in person may vote directly if they prefer and withdraw their proxies or may allow their proxies to be voted with the similar proxies sent in by other shareholders.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE
SHAREHOLDER MEETING TO BE HELD ON MAY 5, 2018.**

The Proxy Statement for the Annual Meeting of Shareholders to be held on May 5, 2018 and the 2017 Annual Report to the Shareholders are available at www.berkshirehathaway.com/eproxy.

1. ELECTION OF DIRECTORS

At the 2018 Annual Meeting of Shareholders, a Board of Directors consisting of 14 members will be elected, each director to hold office until a successor is elected and qualified, or until the director resigns, is removed or becomes disqualified.

The Governance, Compensation and Nominating Committee (“Governance Committee”) has established certain attributes that it seeks in identifying candidates for directors. In particular the Governance Committee looks for individuals who have very high integrity, business savvy, an owner-oriented attitude and a deep genuine interest in Berkshire. These are the same attributes that Warren Buffett, Berkshire’s Chairman and CEO, believes to be essential if one is to be an effective member of the Board of Directors. In considering candidates for director, the Governance Committee considers the entirety of each candidate’s credentials in the context of these attributes. Directors' Independence

The Governance Committee of the Board of Directors has concluded that the following directors are independent in accordance with the director independence standards of the Securities and Exchange Commission pursuant to Item 407(a) of Regulation S-K, and has determined that none of them has a material relationship with the Corporation which would impair his or her independence from management or otherwise compromise his or her ability to act as an independent director: Stephen B. Burke; Susan L. Decker; William H. Gates III; David S. Gottesman; Charlotte Guyman; Thomas S. Murphy; Walter Scott, Jr. and Meryl B. Witmer.

In making its determination with respect to Mr. Scott, the Governance Committee considered his role as a director of and the holder (along with family members and related entities) of approximately 9% of the voting stock of Berkshire Hathaway Energy Company ("BHE") in which the Corporation owns approximately 90% of the voting stock. The Governance Committee also considered the agreement between the Corporation and Mr. Scott that requires Mr. Scott and his related family interests, before selling their BHE shares, to give the Corporation the right of first refusal to purchase their shares (if the Corporation is legally permitted to buy them) or the opportunity to assign its right to purchase to a third party (if it is not legally permitted to buy them). That same agreement also gives Mr. Scott and his related family interests the right to put their shares to the Corporation (if the Corporation is legally permitted to buy them) at fair market value to be determined by independent appraisal if the sellers do not agree with the price offered by the Corporation, and payable in Berkshire shares. The Governance Committee considered these relationships in light of the attributes it believes need to be possessed by independent-minded directors, including personal financial substance and a lack of economic dependence on the Corporation, as well as business wisdom and ownership of Berkshire shares. The Governance Committee concluded that Mr. Scott's relationships, rather than interfering with his ability to be independent from management, are consistent with the business and financial substance that have made and continue to make him an independent director.

In making its determination with respect to Mr. Gates, the Governance Committee considered that Mr. Gates and his wife are trustees of the Bill & Melinda Gates Foundation ("Gates Foundation") that since 2006 has received donations from Warren Buffett of 229,819,972 Class B shares of the Corporation. These shares were received in connection with Mr. Buffett's pledge to donate Class B Stock to the Gates Foundation over the remainder of Mr. Buffett's life. Terms of his pledge are described on Berkshire's website at www.berkshirehathaway.com under the heading "Letters from Warren E. Buffett Regarding Pledges to Make Gifts of Berkshire Stock." The Governance Committee considered these relationships in light of the attributes it believes need to be possessed by independent-minded directors, including personal financial substance and a lack of economic dependence on the Corporation, as well as business wisdom and ownership of Berkshire shares. The Governance Committee concluded that Mr. Gates' relationship to the Gates Foundation had no impact on his independence and that he continues to qualify as an independent director.

Howard G. Buffett is the son of Warren Buffett. Ronald L. Olson is a partner of the law firm of Munger, Tolles & Olson LLP. Munger, Tolles & Olson LLP rendered legal services to the Corporation and its subsidiaries in 2017 and has

been rendering services in 2018. The Corporation and its subsidiaries paid fees of \$7.2 million to Munger, Tolles & Olson LLP during 2017.

Board of Directors' Leadership Structure and Role in Risk Oversight

Warren E. Buffett is Berkshire's Chief Executive Officer and Chairman of the Board of Directors. He is Berkshire's largest shareholder and owns shares of Berkshire that represent 32.0% of the voting interest and 17.2% of the economic interest. As such he may be deemed to be Berkshire's controlling shareholder. It is Mr. Buffett's opinion that a controlling shareholder who is active in the business, as is currently the case and has been the case for Mr. Buffett for the last 48 years, should hold both roles. This opinion is shared by Berkshire's Board of Directors. The Board of Directors has not named a lead independent director.

Mr. Buffett and the other members of the Board of Directors extensively discuss succession planning at each meeting of the Board. Upon his death or inability to manage Berkshire, no member of the Buffett family will be involved in managing Berkshire but, as very substantial Berkshire shareholders, the Buffett family will assist the Board of Directors in picking and overseeing the CEO selected to succeed Mr. Buffett. At that time, Mr. Buffett believes it would be prudent to have a member of the Buffett family serve as the non-executive Chairman of the Board. Ultimately, however, that decision will be the responsibility of the then Board of Directors.

The full Board of Directors has responsibility for general oversight of risks. It receives reports from Mr. Buffett and other members of senior management at least twice a year on areas of risk facing the Corporation. Also, at least once a year, the senior management of each of the Corporation's significant businesses reports to the Board of Directors on risks facing their respective businesses. In addition, as part of its charter, the Audit Committee discusses Berkshire's policies with respect to risk assessment and risk management.

Board of Directors' Meetings

Board of Directors' actions were taken in 2017 at the Annual Meeting of Directors that followed the 2017 Annual Meeting of Shareholders and at two special meetings and upon three occasions by directors' unanimous written consent. Each then current director attended all meetings of the Board and of the Committees of the Board on which he or she served. Directors are encouraged but not required to attend annual meetings of the Corporation's shareholders. All directors of the Corporation attended the 2017 Annual Meeting of Shareholders.

Meetings of Non-Management and Independent Directors

Two meetings of non-management directors were held during 2017. Mr. Ronald L. Olson presided as ad hoc chair of the meetings. In addition, following one of the meetings of non-management directors, a meeting of directors determined to be independent was held. Mr. Walter Scott, Jr. presided as ad hoc chair of that meeting. A shareholder or other interested party wishing to contact the non-management directors or independent directors, as applicable, should send a letter to the Secretary of the Corporation at 3555 Farnam Street, Omaha, NE 68131. The mailing envelope must contain a clear notation that the enclosed letter is to be forwarded to the Corporation's non-management directors or independent directors, as applicable.

Board of Directors' Committees

The Board of Directors has established an Audit Committee in accordance with Section 3(a)(58)A of the Securities Exchange Act of 1934. During 2017, the Audit Committee consisted of Susan L. Decker, Charlotte Guyman, Thomas S. Murphy and Meryl B. Witmer (Ms. Witmer was appointed to the Audit Committee on August 11, 2017). The Board of Directors has determined that Mr. Murphy and Ms. Decker are each an "audit committee financial expert" as that term is used in Item 401(h) of Regulation S-K promulgated under the Securities Exchange Act. All current members of the Audit Committee meet the criteria for independence set forth in Rule 10A-3 under the Securities Exchange Act and in Section 303A of the New York Stock Exchange Listed Company Manual. The Audit Committee assists the Board with oversight of a) the integrity of the Corporation's financial statements, b) the Corporation's compliance with legal and regulatory requirements and c) the qualifications and independence of the Corporation's independent public accountants and the Corporation's internal audit function. The Audit Committee meets periodically with the Corporation's independent public accountants, Director of Internal Auditing and members of management and reviews the Corporation's accounting policies and internal controls. The Audit Committee also selects the firm of independent public accountants to be retained by the Corporation to perform the audit. The Audit Committee held six meetings during 2017. The Board of Directors adopted an Audit Committee Charter on April 29, 2000, which was subsequently amended and restated on March 2, 2004. The amended Audit Committee Charter is available on Berkshire's website at www.berkshirehathaway.com.

The Board of Directors has established a Governance Committee and adopted a Charter to define and outline the responsibilities of its members. A copy of the Governance Committee's Charter is available on Berkshire's website at www.berkshirehathaway.com. The Governance Committee consists of Susan L. Decker, David S. Gottesman, Walter Scott, Jr. and Meryl B. Witmer, all of whom are independent directors in accordance with the New York Stock Exchange director independence standards.

The role of the Governance Committee is to assist the Board of Directors by a) recommending governance guidelines applicable to Berkshire; b) identifying, evaluating and recommending the nomination of Board members; c) setting the compensation of Berkshire's Chief Executive Officer and performing other compensation oversight; d) reviewing related persons transactions and e) assisting the Board with other related tasks, as assigned from time to time. The Governance Committee met twice during 2017.

Director Nominations

Berkshire does not have a policy regarding the consideration of diversity in identifying nominees for director. In identifying director nominees, the Governance Committee does not seek diversity, however defined. Instead, as previously discussed, the Governance Committee looks for individuals who have very high integrity, business savvy, an owner-oriented attitude and a deep genuine interest in the Company. With respect to the selection of director nominees at the 2018 Annual Meeting of Shareholders, the Governance Committee recommends the Board nominate each of the 14 directors currently serving on the Board.

Berkshire's Governance Committee has a policy under which it will consider recommendations presented by shareholders. A shareholder wishing to submit such a recommendation should send a letter to the Secretary of the Corporation at 3555 Farnam Street, Omaha, NE 68131. The mailing envelope must contain a clear notation that the enclosed letter is a "Director Nominee Recommendation." The Secretary must receive the recommendation by December 15, 2018, for it to be considered by the Committee for the 2019 Annual Meeting of Shareholders. The letter must identify the author as a shareholder and provide a brief summary of the candidate's qualifications. At a minimum, candidates recommended for nomination to the Board of Directors must meet the director independence standards of the New York Stock Exchange. The Governance Committee's policy provides that candidates recommended by shareholders will be evaluated using the same criteria as are applied to all other candidates.

Code of Business Conduct and Ethics

The Corporation has adopted a Code of Business Conduct and Ethics for all Berkshire directors, officers and employees as well as directors, officers and employees of each of its subsidiaries. The Code of Business Conduct and Ethics is available on Berkshire's website at www.berkshirehathaway.com.

Related Persons Transactions

The Charter of the Governance Committee includes procedures for the approval or ratification of any Related Persons Transaction ("Transaction") as defined in the regulations of the Securities and Exchange Commission. The procedures require that all requests for approval of proposed Transactions or ratification of Transactions be referred to the Chairman of the Governance Committee or directly to the full committee. The full committee reviews any Transaction which the Chairman concludes is material to the Company or which the Chairman is unable to review. Only Transactions which the Governance Committee or its Chairman finds to be in the best interests of Berkshire and its stockholders are approved or ratified. The Chairman reports all Transactions which he reviews to the Governance Committee annually for ratification. Berkshire is not aware of any Transaction entered into since January 1, 2017, or currently proposed, in which a Related Person had, or will have, a direct or indirect material interest.

Governance, Compensation and Nominating Committee Interlocks and Insider Participation

The Governance Committee of our Board of Directors currently consists of Walter Scott, Jr., David S. Gottesman, Susan L. Decker and Meryl B. Witmer. None of these individuals has at any time been an officer or employee of the Company. During 2017, none of our executive officers served as a member of the board of directors or compensation committee of any entity for which a member of our Board of Directors or Governance, Compensation and Nominating Committee served as an executive officer.

Communications with the Board of Directors

Shareholders and other interested parties who wish to communicate with the Board of Directors or a particular director may send a letter to the Secretary of the Corporation at 3555 Farnam Street, Omaha, NE 68131. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Board Communication" or "Director Communication." All such letters must clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the appropriate director or directors.

⁽¹⁾ Beneficial owners exercise both sole voting and sole investment power unless otherwise stated. Each share of Class A Stock is convertible into 1,500 shares of Class B Stock at the option of the shareholder. As a result, pursuant to Rule 13d-3(d)(1) of the Securities Exchange Act of 1934, a shareholder is deemed to have beneficial ownership of the shares of Class B Stock which such shareholder may acquire upon conversion of the Class A Stock. In order to avoid overstatement, the amount of Class B Stock beneficially owned does not take into account such shares of Class B Stock which may be acquired upon conversion (an amount which is equal to 1,500 times the number of shares of Class A Stock held by a shareholder). The percentage of outstanding Class B Stock is based on the total number of shares of Class B Stock outstanding as of March 7, 2018 and does not take into account shares of Class B Stock which may be issued upon conversion of Class A Stock.

⁽²⁾ Mr. Buffett has entered into a voting agreement with Berkshire providing that, should the combined voting power of Berkshire shares as to which Mr. Buffett has or shares voting and investment power exceed 49.9% of Berkshire's total voting power, he will vote those shares in excess of that percentage proportionately with votes of the other Berkshire shareholders.

Compensation Discussion and Analysis

Berkshire's program regarding compensation of its executive officers is different from most public company programs. Mr. Buffett's and Mr. Munger's compensation is reviewed annually by the Governance Committee of the Corporation's Board of Directors. Due to Mr. Buffett's and Mr. Munger's desire that their compensation remain unchanged, the Committee has not proposed an increase in Mr. Buffett's or Mr. Munger's compensation since the Committee was created in 2004. Prior to that time, Mr. Buffett recommended to the Board of Directors the amount of his compensation and Mr. Munger's. Mr. Buffett's annual compensation and Mr. Munger's annual compensation have been \$100,000 for more than 25 years and Mr. Buffett has advised the Committee that he would not expect or desire such compensation to increase in the future.

The Committee has established a policy that: (i) neither the profitability of Berkshire nor the market value of its stock are to be considered in the compensation of any executive officer. Under the Committee's compensation policy, Berkshire does not grant stock options to executive officers. The Committee has delegated to Mr. Buffett the responsibility for setting the compensation of Mr. Hamburg, Berkshire's Senior Vice President/Chief Financial Officer.

Mr. Buffett will on occasion utilize Berkshire personnel and/or have Berkshire pay for minor items such as postage or phone calls that are personal. Mr. Buffett reimburses Berkshire for these costs by making an annual payment to Berkshire in an amount that is equal to or greater than the costs that Berkshire has incurred on his behalf. During 2017, Mr. Buffett reimbursed Berkshire \$50,000. Berkshire provides personal and home security services for Mr. Buffett. The cost for these services was approximately \$375,000 in 2017. Berkshire's Board of Directors believe that in light of Mr. Buffett's critical role as Berkshire's CEO and given that Mr. Buffett spends a significant amount of his time while at home on Berkshire business matters that such costs represent bona fide business expenses. In addition, Berkshire provides office security for Mr. Buffett and other members of the corporate office staff during regular business hours. Mr. Buffett and Mr. Munger do not use Company cars or belong to clubs to which the Company pays dues. It should also be noted that neither Mr. Buffett nor Mr. Munger utilizes corporate-owned aircraft for personal use. Each of them is personally a fractional NetJets owner, paying standard rates, and they use Berkshire-owned aircraft for business purposes only.

Factors considered by Mr. Buffett in setting Mr. Hamburg's salary are typically subjective, such as his perception of Mr. Hamburg's performance and any changes in functional responsibility. Until the appointments on January 9, 2018 of Gregory E. Abel and Ajit Jain as Berkshire Vice Chairmen, Mr. Buffett set the compensation for each of the CEO's of Berkshire's significant operating businesses. He utilized many different incentive arrangements, with their terms dependent on such elements as the economic potential or capital intensity of the business. The incentives could be large and were always tied to the operating results for which the CEO had authority. These incentives were related to measures over which the CEO has control. Mr. Buffett will continue to set the compensation for Mr. Abel and Mr. Jain. However, beginning in 2018, it will be the responsibility of Mr. Jain to set the compensation for the CEO's of Berkshire's insurance

businesses and the responsibility of Mr. Abel to set the compensation for the CEO's of Berkshire's other businesses. Mr. Jain and Mr. Abel expect to use the same general criteria as had been used by Mr. Buffett.

The following table discloses the compensation received for the three years ended December 31, 2017 by the Corporation's Chief Executive Officer, its other executive officer and its Chief Financial Officer.

CEO Pay Ratio

As mandated by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and required under Item 402(u) of Regulation S-K ("Item 402(u)"), we are disclosing the median of the annual total compensation of all employees of Berkshire and its subsidiaries other than Berkshire's CEO and the annual total compensation of Berkshire's CEO, Warren E. Buffett. In preparing this disclosure, Berkshire considered the fact that on September 21, 2017, the Securities & Exchange Commission ("SEC") issued interpretive guidance to assist registrants in complying with the SEC's Pay Ratio reporting requirements. Among other things, the SEC's guidance addressed the use of reasonable estimates, assumptions and methodologies.

Berkshire also considered that Mr. Buffett's annual compensation has been \$100,000 for more than the past 25 years and that Mr. Buffett receives no bonus or any form of equity based compensation. Additionally, Berkshire has over 60 separate operating groups, many of whom have multiple separate operating groups. Accordingly, the identification of the median employee's annual total compensation of the 377,000 Berkshire subsidiary employees is a significant task.

In light of the fact that Mr. Buffett's total compensation is far less than almost all public company CEO's, Berkshire believed that the cost/benefit of complying precisely with the requirements of Item 402(u) would provide little, if any, useful information to its shareholders. Therefore, Berkshire used a judgmental sample representing approximately 2/3 of the total employees of Berkshire and its subsidiaries to determine the median employee's compensation.

The median employee was determined using 2017 W-2 wages for all U.S. employees and equivalent taxable compensation for all non-U.S. employees included in the sample. The median employee determination included all employees within the sample group who were employed at December 31, 2017. The annual total compensation for the median employee was calculated using the same methodology for calculating the total compensation in accordance with Item 402(c)(2)(x) of Regulation S-K.

Based on the information obtained as described above, the ratio of Mr. Buffett's annual total compensation (\$100,000) to the annual total compensation of the median employee (\$53,510) was 1.87 to 1.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Corporation's officers and directors, and persons who own more than 10% of a registered class of the Corporation's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Officers, directors and greater than ten-percent shareholders are required by the regulations of the Securities Exchange Commission to furnish the Corporation with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by the Corporation, and written representations from certain reporting persons that no Section 16(a) forms were required for those persons, the Corporation believes that during 2017 all filing requirements applicable to its officers, directors and greater than ten-percent shareholders were complied with except as follows. On February 14, 2018, Charlotte Guyman filed a Form 5 regarding gifts of 100 Class B shares that were made in 2015 and gifts of 200 Class B shares that were made in 2016.

Independent Public Accountants

Deloitte & Touche LLP ("Deloitte") served as the Corporation's principal independent public accountants for 2017. Representatives from that firm will be present at the Annual Meeting of Shareholders and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. The Corporation has not selected independent public accountants for the current year, since its normal practice is for the Audit Committee of the Board of Directors to make such selection later in the year. The following table shows the fees paid or accrued for audit services and fees paid for audit-related, tax and all other services rendered by Deloitte for each of the last two years (in millions):

	<u>2017</u>	<u>2016</u>
Audit Fees ^(a)	\$44.5	\$44.1
Audit-Related Fees ^(b)	2.5	1.5
Tax Fees ^(c)	<u>0.8</u>	<u>0.8</u>
	<u>\$47.8</u>	<u>\$46.4</u>

(a) Audit fees include fees for the audit of the Corporation's consolidated financial statements and interim reviews of the Corporation's quarterly financial statements, audit services provided in connection with required statutory audits of many of the Corporation's insurance subsidiaries and certain of its non-insurance subsidiaries and comfort letters, consents and other services related to Securities and Exchange Commission matters.

(b) Audit-related fees primarily include fees for certain audits of subsidiaries not required for purposes of Deloitte's audit of the Corporation's consolidated financial statements or for any other statutory or regulatory requirements, audits of certain subsidiary employee benefit plans and consultations on various accounting and reporting matters.

(c) Tax fees include fees for services relating to tax compliance, tax planning and tax advice. These services include assistance regarding federal, state and international tax compliance, tax return preparation and tax audits.

The Audit Committee has considered whether the non-audit services provided to the Company by Deloitte impaired the independence of Deloitte and concluded that they did not.

All of the services performed by Deloitte were pre-approved in accordance with the pre-approval policy adopted by the Audit Committee on May 5, 2003. The policy provides guidelines for audit, audit-related, tax and other non-audit services that may be provided by Deloitte to the Company. The policy (a) identifies the guiding principles that must be considered by the Audit Committee in approving services to ensure that Deloitte's independence is not impaired; (b) describes the audit, audit-related and tax services that may be provided and the non-audit services that are prohibited; and (c) sets forth pre-approval requirements for all permitted services. Under the policy, requests to provide services that require specific approval by the Audit Committee will be submitted to the Audit Committee by both the Company's independent auditor and its Chief Financial Officer. All requests for services to be provided by the independent auditor that do not require specific approval by the Audit Committee will be submitted to the Company's Chief Financial Officer and must include a detailed description of the services to be rendered. The Chief Financial Officer will determine whether such services are included within the list of services that have received the general pre-approval of the Audit Committee. The Audit Committee will be informed on a timely basis of any such services rendered by the independent auditor.

Report of the Audit Committee

February 22, 2018

To the Board of Directors of Berkshire Hathaway Inc.

We have reviewed and discussed the consolidated financial statements of the Corporation and its subsidiaries to be set forth in Item 8 of the Corporation's Annual Report on Form 10-K for the year ended December 31, 2017 with management of the Corporation and Deloitte & Touche LLP, independent public accountants for the Corporation.

We have also discussed with Deloitte & Touche LLP the matters required by the Public Company Accounting Oversight Board ("PCAOB") to be discussed, as adopted in Auditing Standard No. 16 (Communications with Audit Committees). We have received the written disclosures and the letter from Deloitte & Touche LLP required by the applicable PCAOB requirements for independent accountant communications with audit committees with respect to auditor independence and have discussed with Deloitte & Touche LLP its independence from the Corporation.

It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and in accordance with generally accepted accounting principles; that is the responsibility of management and the Corporation's independent public accountants. In giving its recommendation to the Board of Directors, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and (ii) the reports of the Corporation's independent public accountants with respect to such financial statements.

Based on the review and discussions with management of the Corporation and Deloitte & Touche LLP referred to above, we recommend to the Board of Directors that the Corporation publish the consolidated financial statements of the Corporation and subsidiaries for the year ended December 31, 2017 in the Corporation's Annual Report on Form 10-K.

Submitted by the members of the Audit Committee of the Board of Directors.

2. SHAREHOLDER PROPOSAL

Ms. Marcia Sage is the owner of 30 shares of Class B Common Stock and has given notice that a representative of Baldwin Brothers Inc. intends to present for action at the meeting the following proposal.

WHEREAS: Leaked methane represented 30 billion dollars of lost revenue (3 percent of gas produced) in 2012. Yet, an October 2016 study published in *Nature* indicates methane emissions from the oil and gas sector are 20 to 60 percent higher than previously thought. Research indicates methane leaks could erase the climate benefits of reducing coal use to meet internationally agreed upon climate change targets. Methane emissions are a significant contributor to climate change, with an impact on global temperature roughly 84 times that of CO₂ over a 20 year period.

Utilities are increasingly reliant on gas however the 2015 failure of a gas injection well at Southern California Gas Company's Aliso Canyon Storage Field in Los Angeles revealed major vulnerabilities in the maintenance and safety of methane facilities. Relocation, clean up and well containment costs have soared to over \$832 million dollars to date with criminal filings and civil lawsuits pending against SoCal Gas.

Berkshire Hathaway has methane storage, distribution and transportation facilities that may face similar risks through the Northern Natural Gas Company, Kern River Gas and Mid-American Energy Corp.

The EPA released guidelines in May 2016 targeting a 40-45 percent methane emissions reduction below 2012 levels by 2025. The One Future Emissions Framework has a desired outcome of an average rate of emissions leakage that is equivalent to 1 percent of total natural gas production across the value chain.

A failure to proactively inspect, monitor, and upgrade transportation and storage infrastructure with the aim of reducing methane emissions causes lost revenue and may risk another leak leading to litigation and regulations deemed by the One Future Emissions Documents as "not smart" in terms of being prescriptive, overkill and prohibitively costly. Berkshire's adoption of a proactive stance towards safety, inspections and updated maintenance should mitigate the potential for these financial and regulatory risks. Southern California Gas is currently suing LA County for requiring such enhanced and costly measures in response to the Aliso Canyon blowout.

Given the voluntary Methane Challenge and One Future Emissions Intensity Commitment framework is a "cost-effective" versus "prescriptive" approach, shareholders would like to understand if this "cost-effective" approach employed at Berkshire is sufficient to mitigate significant lost revenue and financial risk.

RESOLVED: Shareholders request Berkshire Hathaway issue a report (by October 2018, at reasonable cost, omitting proprietary information) reviewing the Company's policies to measure, monitor, mitigate, disclose, to meet quantitative reduction targets and safety standards for methane assets and required upgrade costs to facilities resulting from all operations, including storage and transportation, to meet such targets under the Company's financial or operational control.

SUPPORTING STATEMENT: We believe the report should include the current leakage rate as a percentage of production, throughput, and stored gas; management of high risk infrastructure; best practices; worst performing assets; environmental impact; reduction targets and methods to track progress over time. Best practice strategy would utilize real-time measurement and monitoring.

THE BOARD OF DIRECTORS UNANIMOUSLY FAVORS A VOTE AGAINST THE PROPOSAL FOR THE FOLLOWING REASONS:

The Board of Directors does not believe that issuance of a report reviewing the Company's policies to measure, monitor, mitigate, disclose, to meet quantitative reduction targets and safety standards for methane assets and required upgrade costs to facilities resulting from all operations, including storage and transportation, to meet such targets under the Company's financial or operational control is a prudent exercise to undertake.

We recognize the importance to our shareholders and to the future of Berkshire and its subsidiary companies of minimizing methane releases from an environmental, safety and cost perspective. Northern Natural Gas and Kern River Gas Transmission Company, Berkshire's gas transmission pipeline businesses, are active participants in the U.S. Environmental Protection Agency's Natural Gas STAR Program. This program is a voluntary partnership between the U.S. Environmental Protection Agency and the oil and gas industry and promotes the implementation of technologies and practices to reduce emissions of methane and transparently report the information. Northern Natural Gas and Kern River Gas Transmission Company, along with MidAmerican Energy Company, our Iowa based regulated gas and electric utility, are founding partners of the U.S. Environmental Protection Agency's voluntary Natural Gas STAR Methane Challenge Program. The Methane Challenge Program builds upon the STAR program, creating a structure through which companies submit plans to make specific, quantifiable emission reduction commitments and report results.

Berkshire's gas pipeline businesses have significantly reduced and avoided releases of methane, thus reducing greenhouse gas emissions, enhancing pipeline integrity, making their operations safer, and reducing costs for customers through reductions in lost gas. Berkshire's gas pipeline businesses have developed methane reduction goals and track progress toward those goals; these goals are advanced through emphasizing leading practices and implementing strategies to limit methane emissions. The gas transmission pipelines' combined leak rate for 2016 was 0.053% and for 2017 was 0.046%, measured as a percentage of throughput and is significantly below the goal of the ONE Future Initiative of 1%. This information is made available on the pipelines' respective websites. In addition, reports of methane emissions and reductions are submitted to the U.S. Environmental Protection Agency and have been made available on the U.S. Environmental Protection Agency's website. Methane emissions and reduction information is publicly available and we do not believe that a separate report is required.

Proxies given without instructions will be voted against this shareholder proposal.

3. SHAREHOLDER PROPOSAL

Ms. Freeda Cathcart is the owner of 500 shares of Class B Common Stock and has given notice that she intends to present for action at the meeting the following proposal.

Resolved: Shareholders request that Berkshire Hathaway adopt a policy to encourage more Berkshire subsidiary companies to issue annual sustainability reports. The disclosure should be prepared at reasonable cost and omit proprietary information.

Supporting statement: We commend some Berkshire subsidiaries for providing sustainability reports and believe Berkshire would benefit from encouraging more subsidiaries to: conduct sustainability audits, set sustainability goals, and create web-based sustainability reports.

According to the US SIF Foundation's 2016 [Report on US Sustainable, Responsible and Impact Investing Trends](#), as of year-end 2015, more than one out of every five dollars under professional management in the United States—\$8.72 trillion or more—was invested according to socially responsible investment strategies. This demonstrates a high level of interest from investors and the public in corporate social responsibility.

One of our subsidiaries, Business Wire, has the following on their website: "Sustainability, corporate governance, philanthropy and other Corporate Social Responsibility (CSR) factors are a growing part of reporting, compliance and disclosure. Business Wire's CSR Circuit provides you with the tools to accurately report your CSR efforts to interested audiences."

Berkshire Hathaway Energy provides a good outline for other subsidiaries about the kinds of data and goals to provide in sustainability reports:

- We will responsibly use natural resources and pursue increased efficiencies that reduce waste and emissions at their source.
- We will develop sustainable operations and implement environmental projects designed to leave a clean, healthy environment for our children and future generations.
- We will...take care in balancing the needs of customers with our obligation to future generations.
- We will seek opportunities to preserve, restore, protect and improve our natural surroundings.
- We will set challenging goals and assess our ability to continually improve our environmental performance.
- Through the strategic management of our assets, we will improve the environment and contribute to our businesses' success.
- We will foster open dialogue and informed decision-making through communication of environmental information with management, employees and the public.
- We will work with governments and others in creating responsible environmental laws and regulations reflective of sound public policy.
- We will perform audits to evaluate our environmental compliance and use the results to improve our operations and impact on the environment.
- We will provide the training necessary for our employees to meet their environmental responsibilities.
- We will encourage...employees to learn more about the environment and foster an atmosphere of creating cost-effective solutions that go beyond compliance."

Let's also encourage Berkshire Hathaway's subsidiaries to follow the lead of Brooks:

"We expect employees to own this brand, and that includes stewarding the environment and local communities in their daily behaviors... Working toward sustainability is a journey, and while we've taken a number of important steps, we are acutely aware that we've only just begun. For us, there is no finish line. We're continually looking to evolve our Running Responsibly strategic approach to ensure alignment with key social and environmental issues."

THE BOARD OF DIRECTORS UNANIMOUSLY FAVORS A VOTE AGAINST THE PROPOSAL FOR THE FOLLOWING REASONS:

The Board of Directors does not believe that the adoption of a policy to encourage more Berkshire subsidiaries to issue annual sustainability reports is necessary.

Ms. Cathcart indicates in her supporting statement that some Berkshire subsidiaries provide sustainability reports on their web sites. However, she fails to recognize that many more Berkshire subsidiaries include information on their web sites describing their efforts with respect to safeguarding the environment and contributing to the sustainability of the communities where they operate, protecting the health and well being of their employees and their customers and various other matters that address sustainability. Additionally, in each of the last five years a number of Berkshire subsidiaries have participated in a Berkshire Hathaway Sustainability Summit. The purpose of these summits is to discuss the long-term business value of sustainability, share best practices, leverage opportunities and drive improvement.

For the past 22 years, each Berkshire annual report has included an updated version of "An Owner's Manual" which was first prepared by Mr. Buffett in 1996 at the time Berkshire issued its Class B Stock. The Owner's Manual ends with a section entitled "The Managing of Berkshire" where Mr. Buffett states "Charlie (Munger) and I are the managing partners of Berkshire, but we subcontract all of the heavy lifting in this business to the managers of our subsidiaries. In fact, we delegate almost to the point of abdication...Charlie and I mainly attend to capital allocation and the care and feeding of our key managers." Accordingly, with limited exceptions which generally arise due to regulatory requirements, Berkshire has adopted very few corporate policies that its subsidiaries are required to adopt.

The various Berkshire subsidiaries who prepare sustainability reports and/or include information on their web sites with respect to sustainability are doing so because of decisions made by their respective management teams and not as a result of an edict or requirement mandated by the Corporate senior management team. The leaders of these business groups and all of Berkshire's business groups have embraced this culture that Mr. Buffett established 53 years ago.

Since many of Berkshire's subsidiaries are already communicating their efforts with respect to sustainability and more importantly because the Board believes that the shareholder proposal is inconsistent with Berkshire's culture, the Board recommends that our shareholders vote against the shareholder proposal.

Proxies given without instructions will be voted against this shareholder proposal.
