

PORTFOLIO HABITAT SUPPLY SERVICE

Page 1

**Available**

In all territory served by the Company in the State of Oregon.

**Applicable**

To Residential and Small Nonresidential Consumers receiving Delivery Service under Schedules 4, 5, 23 or 41, in conjunction with Supply Service Schedule 201, who have elected to take this service.

**Monthly Billing**

The Monthly Billing shall be the contribution for habitat restoration plus the charge for Renewable Usage Power. The Monthly Billing is in addition to all other charges contained in Consumer's applicable Delivery Service Schedule, Base Supply Service Schedule 200 and Supply Service Schedule 201.

**Charge per Month**

\$2.50 per month for Habitat Restoration.

1.050 ¢ per kWh.

**Minimum Charge**

The minimum monthly charge will be the Habitat Restoration Charge.

**Administration**

Product provides Renewable Power. The Company is acquiring Renewable Energy Credits (RECs) through a Commission-approved bid process to support this product. Funds received from participating customers under this Schedule will be used to purchase RECs to match participating customer's monthly electricity usage and to cover program costs. Funds remaining after purchasing RECs and covering program costs will be donated to a renewable energy development and demonstration fund, which will be used to fund renewable energy projects in the state of Oregon.

**Renewable Power**

Eligible renewable technologies that may be used to supply certified power include the following: low emissions biomass - including landfill and sewage gas, geothermal, certified low impact hydroelectric, solar, wind and fuel cells using a renewable fuel. Certified products must meet certain minimum standards for the supply of new eligible renewable energy (kWh). Renewable energy generated in response to any federal or state statutory requirement to construct or contract for the renewable energy is not eligible as new. New renewable resources are those (1) placed in operation (generating electricity) on or after July 23, 1999, therefore excluding electricity generated by that part of the Wyoming, Foote Creek Wind Project fully in service before July 23, 1999; (2) repowered on or after July 23, 1999 such that at 80% of the fair market value of the project derives from new generation equipment installed as part of the repowering, or (3) a separable improvement to or enhancement of an operating existing facility that was first placed in operation prior to July 23, 1999, such that the proposed incremental generation is contractually available for sale and metered separately than existing generation at the facility. Any enhancement of a fuel source that increases generation at an existing facility, without the construction of a new or repowered, separately metered generating unit, is not eligible to participate.

(continued)

---

**Habitat Restoration**

Amounts received from Consumers will be distributed to a non-profit agency selected by the Company. The agency will use the funds to promote threatened or endangered anadromus fish.

**Special Conditions**

1. The Consumer shall not resell electric service received from the Company under provisions of this Schedule to any person, except by written permission of the Company or as otherwise expressly provided in Company tariffs and where the Consumer meters and bills any of his tenants at the Company's regular tariff rate for the type of service which such tenant may actually receive.
2. The Company may not accept enrollment for accounts that have a time-payment agreement in effect or have received two or more final disconnect notices or have been disconnected for non-payment within the last 12 months.
3. Consumers may apply for or terminate this schedule anytime during the year. The effective date will be the next regularly scheduled meter reading following the processing of the request.
4. Any Renewable Power will be delivered within two years of when the energy was purchased by Consumers under this Tariff.
5. Consumers may make their first initial selection without paying any Portfolio Ballot Processing Fee under Schedule 300. In addition, Consumers may make one annual change thereafter without paying a Portfolio Ballot Fee. Consumers who change more frequently than once annually will be assessed a processing fee of \$5 per election.
6. Billing under this schedule shall begin for the Consumer on the next regularly scheduled meter reading date following the initial meter reading.
7. Service under this schedule will be labeled, "Habitat".
