

**PUBLIC PURPOSE CHARGE (3%)**

Page 1

---

**Purpose**

To collect public purpose charges from retail electricity Consumers equal to 3 percent of the total revenues billed to those Consumers for electricity services, distribution, ancillary services, metering and billing, transition charges, and other types of costs that were included in electric rates on July 23, 1999 pursuant to OAR 860-038-0480.

**Applicable**

Based on ORS 757.612, this Schedule is applicable to all bills for electric service calculated under all tariffs and contracts.

**Special Condition**

1. Aluminum plant: An aluminum plant that averages more than 100 average megawatts of electricity per year shall remit to the electric company whose territory abuts the greatest percentage of its site a public purpose charge equal to one percent of the total revenue from the sale of electricity services to the aluminum plant from any source.

**Term**

The term of this Schedule shall be until January 1, 2026, pursuant to ORS 757.612(2)(a).
