

**PUBLIC DC FAST CHARGER OPTIONAL TRANSITIONAL RATE
 DIRECT ACCESS DELIVERY SERVICE**
Available

In all territory served by the Company in the State of Oregon.

Applicable

To Nonresidential Consumers who have chosen to receive electricity from an ESS for electric vehicle charging stations separately metered from other electric service, and whose loads have not registered 1,000 kW or more, more than once in the preceding 18-month period and who are not otherwise subject to service on Schedules 747 or 748. Consumer charging sites must be broadly available to the general public and must include at least one direct current (DC) fast charger as defined in the special conditions below. Deliveries at more than one point, or more than one voltage and phase classification, will be separately metered and billed. Participation in this schedule and Schedule 45 will be limited to a combined 200 metered points of delivery on a first-come, first served basis.

Monthly Billing

Consumers taking service under this Schedule shall be billed under the provisions of Schedule 728 of this tariff and shall pay all applicable rates under Schedule 728 plus the following adjustments:

On-Peak Energy Charge, per on-peak kWh 10.738¢

Transition Discounts

The following percentage discounts will be applied beginning on the date shown and ending when the next discount period begins:

	On-Peak Energy Charge Transition Discount	Demand Charge Transition Discount

On-Peak Period

The kWh shown by or computed from the readings of the Company's energy meter during on-peak hours. The on-peak period is

Winter: Monday through Friday 6:00 a.m. to 10:00 a.m. and 5:00 p.m. to 8:00 p.m.

Summer: Monday through Friday 4:00 p.m. to 8:00 p.m.

Due to the expansions of Daylight Saving Time (DST) as adopted under Section 110 of the U.S. Energy Policy Act of 2005, the time periods shown above will begin and end one hour later for the period between the second Sunday in March and the first Sunday in April and for the period between the last Sunday in October and the first Sunday in November. At such time as updated DST programming is available and has been applied to a Consumer meter, the time periods shown above will apply on all days for that Consumer. Consumers will be notified of their change to updated DST programming in a timely manner.

Off-Peak Period

All non On-Peak Period plus the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Seasonal Definition

Winter months are defined as November 1 through March 31. Summer months are defined as April 1 through October 31.

Special Conditions

1. At the option of the Consumer, service may be provided under the otherwise applicable General Service Schedule.
2. The Consumer shall not resell electric service received from the Company under provisions of this Schedule to any person, except by permission of the Company or as otherwise expressly provided in Company tariffs. The sale of electricity for fuel to a motor vehicle is expressly allowed as described in rule 2.E of this tariff.
3. A DC Fast Charger is defined for the purposes of eligibility on this rate schedule as a charging station with a Direct Current (DC) connection that has been designed to recharge the battery of an electric vehicle.
4. An electric vehicle charging site is considered to be broadly available to the general public for the purposes of eligibility on this rate schedule if it is available for use by any driver and is capable of charging more than one make of automobile. Eligibility and acceptance of a customer for service under this rate schedule is subject to review and approval by the Company.
5. Prior to receiving service under this rate schedule, the Consumer must disclose to the Company the number of chargers to be installed at the station, the type and capacity of each charger installed, and the maximum number of vehicles that can simultaneously use the station to recharge batteries.
6. The company reserves the right to terminate service under this schedule if it finds that excessive fees imposed by the charging station owner result in the charging station not being broadly available, per the requirements of this schedule.

Term of Schedule

This transitional rate schedule will be limited to a nine year period from the initial effective date.

Rules and Regulations

Service under this Schedule is subject to the General Rules and Regulations contained in the tariff of which this Schedule is a part and to those prescribed by regulatory authorities.
