

Grant Matching Support - Application Form

Overview

Grant Matching Support is designed to offset the costs projects related to transportation electrification. Support may cover up to 100% of eligible costs requested through Pacific Power. Applicants for Grant Matching Support should review the Eligibility Requirements, Definitions, and Terms and Conditions before applying. To apply, please fill out Tables 1 and 2 to provide more information about the applicant's plans to pursue and secure additional funding, the project and how it would benefit Pacific Power customers, and a demonstrated need for Grant Matching Support.

Definitions

Project: The project is defined as the EV-related activities that are described in the application form below and will be funded by Pacific Power in the form of Grant Matching Support if additional funding is secured.

Supplemental Matching Grant: The additional funding Supplemental to Pacific Power's Grant Matching Support that the applicant is actively pursuing and/or has secured to deliver an EV-related Project that serves Pacific Power customers.

Grant Matching Support: The funding being requested from Pacific Power through the following application to support the applicant's pursuit of supplemental funding and delivery of an EV-related Project benefiting Pacific Power customers.

Eligibility Requirements

All Pacific Power customers in Oregon on a non-residential electric service schedule or any non-residential entities outside of Pacific Power territory that are providing benefits to Pacific Power customers are eligible to apply for program funds with preference given to community-focused organizations, such as 501(c)(3); city, county, and regional governments with demonstrated need for funding; and Non-profit organizations and governmental entities serving or representing traditionally underserved communities and Pacific Power residential customers. Non-residential includes multi-unit dwelling sites on a non-residential electric schedule. Private sector companies are not eligible for Grant Matching Support.

Grant Matching Support recipients will serve as Project lead and be responsible for Project design, Project management, equipment purchase and installation, awareness building, data collection, and data transfer to Pacific Power, as well as the ongoing costs of operating and maintaining the charging equipment, vehicles, or any other associated equipment.

Please note that if selected:

- Grant Matching Support funding will not be distributed until the applicant has confirmed that the Supplemental Matching Grant has been secured.

- If approved for a Supplemental Matching Grant, applicant must be prepared to provide a quarterly progress report on the 15th day of the month following each calendar quarter until Project is considered complete Project (see template with this link here)
- Pacific Power reserves the right to make contact and acquire information related to the Project defined in the Grant Matching Support application form below.

Please see the Definitions above to fill out Tables 1 and 2 to apply for Grant Matching Support.

Table 1: Grant Matching Support - Applicant Information

Applicant Name (Organization)	
Primary Project contact name	
Role in the Project	
Phone number	
Email address	
Type of Applicant (<i>Local Non-profit, Higher Education, Municipalities, etc.</i>)	
Type of Project <i>Please check all that apply</i>	<input type="checkbox"/> Education or Outreach Campaign <input type="checkbox"/> Installation of EV Charging Infrastructure <input type="checkbox"/> Needs assessment <input type="checkbox"/> Procurement of electric vehicle <input type="checkbox"/> Research and development <input type="checkbox"/> Other (please explain): _____ _____
Has the applicant received funding from Pacific Power in the past? <i>If yes, please indicate which funds</i>	<input type="checkbox"/> Yes, _____ <input type="checkbox"/> No
General Project location description	
Briefly explain the Supplemental Matching Grant timeline and resulting Project timeline (under 50 words)	

Please provide details about the Supplemental Matching Grant, the requested support from the Pacific Power in the form of Grant Matching Support, and the project that will result if funding is secured in Table 2.

Table 2: Grant Matching Support – Supplemental Matching Grant and Project Details

Name of Supplemental Matching Grant included in request	
Funding amount of Supplemental Matching Grant included in request	\$
Amount requested Grant Matching Support <i>Covers up to 100 percent of the requested funds from Pacific Power to study, plan, promote, or deploy electric transportation technology and Projects.</i>	\$
Please respond to each request below in 200 words or less.	
Explain the need for Pacific Power Grant Matching Support.	
Describe the scope of the Project in more detail.	
How will this Project benefit Pacific Power customers, in particular residential customers?	
Describe how your Project is unique or innovative. <i>*Does not apply to EVSE-only installation Projects.</i>	
How will your Project support equity in transportation electrification and will this Project support underserved¹ communities?	
Describe any additional benefits from your Project.	
A Project Concept Paper or Presentation is required to complete your application. Please e-mail to plugin@pacificpower.net with “Grant Matching – (Applicant Name) – Concept Paper/Presentation” in the subject line.	

¹ Underserved communities include residents of rental or multifamily housing, communities of color, communities experiencing lower incomes, tribal communities, rural communities, frontier communities, coastal communities and other communities adversely harmed by environmental and health hazards (Oregon House Bill 2165)
