

INCENTIVES FOR LIGHTING (NEW CONSTRUCTION/MAJOR RENOVATION)

MEASURE	CATEGORY	ELIGIBILITY REQUIREMENTS	CUSTOMER INCENTIVE
Interior Lighting*	Lighting and lighting control	Custom	\$0.15/kWh annual energy savings

*Project cost caps of 80 percent and one-year simple payback caps apply to new construction and major renovation projects that are not subject to state energy code. The one-year simple payback cap means incentives will not be available to reduce the simple payback of the project below one year. If required, individual measure incentives will be adjusted downward pro-rata so the project has a simple payback after incentives of one year.

Lighting and lighting controls required by or used to comply with the applicable version of the state energy code are not eligible for incentives.
