WASHINGTON

AN HVAC CHECK-UP CAN HELP TO:

Reduce your energy costs and enjoy better comfort with a rooftop unit HVAC check-up. Schedule a no-cost assessment today.

Improve workplace comfort

Improve indoor air quality

Reduce maintenance and repair costs

Reduce energy costs

By taking the small step of scheduling a no-cost business rooftop unit HVAC Check-Up, you can save big on energy and repair costs through improvements identified in the assessment. According to ENERGY STAR®, heating and cooling accounts for 40-50% of energy used in businesses. Improving the maintenance of your rooftop unit will reduce your energy costs. In addition, you're likely to experience improved comfort and productivity as well as reduced HVAC repair costs.

Pacific Power provides Wattsmart® Business HVAC Check-Up incentives to help offset costs of the simplest and most common rooftop unit energy improvements. These include maintenance agreements, economizer repairs/replacements, proper refrigerant charges and upgraded thermostat installation.

How does it work?

Once you schedule a no-cost rooftop unit HVAC Check-Up with an approved vendor*, you will receive an assessment of your facility and a no-obligation quote for recommended upgrades, maintenance opportunities and available incentives.

HVAC CHECK-UP INCENTIVES*	
MEASURE	CUSTOMER INCENTIVE
Maintenance Agreement	\$75/RTU
Economizer	\$150/RTU
Refrigerant	\$35/Ton RTU Capacity

For complete details and requirements, please contact a Wattsmart HVAC Check-up Approved Contractor or visit our website.

You choose whether you want to proceed with some or all of the recommendations. If you decide to proceed, the contractor will complete all incentive paperwork.

Schedule your no-cost HVAC Check-Up today

- Call toll free at **1-855-805-7231**
- Email WattsmartBusiness@PacificPower.net
- Find a Vendor at WattsmartIncentives.com/FindAVendor

STEPS TO PARTICIPATE

- Step 1: Schedule a free facility assessment** with a Wattsmart HVAC Check-Up Approved Vendor. To find an Approved Vendor, call us toll free at **1-855-805-7231** or use the [Find a Vendor](#) tool.
- Step 2: Review vendor recommendations** and choose whether you want to move forward with any or all the recommendations. The approved HVAC Check-up vendor will guide you through the implementation process, gather needed data for incentives, and provide the necessary documentation for incentive payment. Complete and sign the [Wattsmart Business General Application](#). You can choose to assign your incentive to the approved HVAC Check-up vendor and he or she will pass 100 percent of the eligible incentive as a credit on their invoice to you.* Provide your tax ID in a completed [W-9 form](#) so we (or our program administrator) can prepare a 1099-Misc. (if required) following the incentive payment
- Step 3: Approved Vendor installs your selected energy improvements.** Pacific Power may request to inspect your improvements to verify energy savings and quality of installation.
- Step 4: Your Approved Vendor** submits your incentive application package.
- Step 5: Receive incentive check within 45 days** of completion of step 4.
- Step 6: Enjoy energy savings, improved comfort and performance!** With heating and cooling accounting for 40-50% of typical business energy use, you can rest assured that regular maintenance or improvements to your business HVAC system will positively impact your bottom line for years.

*Incentive dollars paid, whether received directly or assigned to the approved HVAC Check-up vendor, may be considered as taxable income and require issuance of IRS Form 1099 to your business. You are encouraged to consult with your tax advisor regarding the potential tax implications in Washington on one of the following retail general service schedules: 24, 29, 33, 36, 40, 47T, 48T, 51, 53 and 54. The customer, building owner, or tenant/electricity user in an eligible facility may participate. Owner/tenant arrangements are the responsibility of the owner and tenant.
